THE FINCH STOCK SOLD

And Everybody Wonders Whether the Alliance Store Will Be Reopened or Not

Judge W. S. Bullock, attorney for the estate of the late Capt. O. G. Finch, sold the Alliance Store stock of goods at public auction today at 12 o'clock. There were a number of bidders both from Ocala and other places. The goods were first sold by departments, subject to a sale of the whole. The groceries were bid in at \$1525, the shoes at \$1000, the dry goods at \$1500 and the fixtures at \$1000; total, \$4125. Then the stock was offered as a whole and after several bids was knocked down to H. L. Anderson for \$7250. There was a good deal of speculation as to whom Mr. Anderson bought the stock for, as he is not a merchant himself. W. C. Jeffords, city; H. L. Anderson, city; E. C. May, Dunnellon; M. Fishel, city; S. H. Brown, Leroy, and O. Donald and Mr. Sanders, of Gainesville, were among the most prominent bidders on the stock. The stock invoiced nearly \$12,000 and the sale was considered a very good one.

THE MODERN BEAUTY

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

SAVE YOUR VEGETABLES

THE X-RAY

An Ocala Physician Has a Copy of this Great Invention

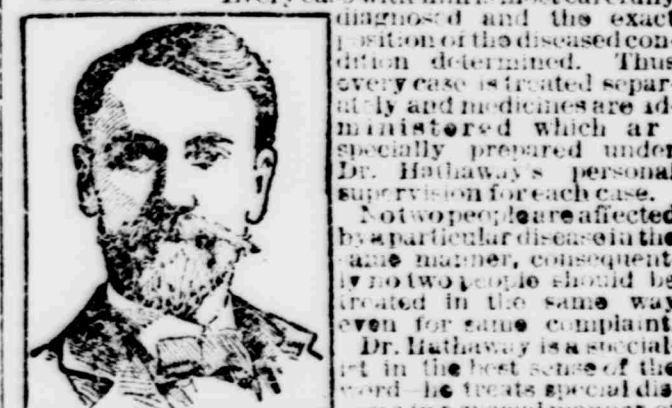

Healing is the noblest of all professions, and the most important inventions are those which prevent or diminish pain. One of the most important discoveries in the domain of surgery—perhaps the greatest in the last dozen years—is the X-ray, tending as it does to render unnecessary much work that once had to be done in surgical operations, and greatly simplifying and making more certain all work to which it can be applied.

The X-ray is a very elaborate and expensive apparatus and there are very few towns able to possess one. That Ocala is one of those towns is due to the enterprise of Dr. A. L. Izlar, who has recently had one of the machines set up in his office. The writer does not possess the knowledge requisite to give a technical description of the apparatus, neither is such a description necessary. It is sufficient to know that it is in town, and if you should be so unfortunate as to suffer, it is ready to aid in your relief. We believe that Ocala is the only town in Florida, outside of Jacksonville, that possesses one of these machines.

With White Enamel Provision Chamber and Tank. With Nickeloid Provision Chamber and Tank.

The "Odorless" refrigerator is the only refrigerator that will keep food free from contamination. Fresh food will not taint nor spoil by absorbing the smell of odorous fruits and provisions, as invariably occurs with other so-called refrigerators.

The "Odorless" is built strictly upon scientific principles, and consequently is a Scientific Preserver of Food. The circulation of air is so perfectly arranged that odors are carried off and out and do not come in contact with the ice as in all other Refrigerators.

If you are in need of a Refrigerator, or if yours is old and unsatisfactory, call and see our stock of The "Odorless" even if you do not care to buy one it will interest you.
